Arizona State University continues to earn national recognition as a top university for graduate employability, inspiring master learners prepared with the knowledge and skills necessary to excel and achieve in today’s changing workplace. ASU is where students and faculty work with NASA to develop, advance and lead innovations in space exploration. This is where Nobel laureates and Pulitzer Prize winners teach tomorrow’s leaders. ASU is where nationally ranked and internationally ranked programs prepare next-generation innovators to thrive while advancing pioneering research, strategic partnerships, entrepreneurship and economic development.

#1 in the U.S. for innovation, ahead of #2 Stanford and #3 MIT
—U.S. News & World Report, 2016 and 2017

88 percent of ASU graduates looking for a job get at least one offer within 90 days of graduating
—ASU Graduate Survey
